DHAVAL KAMALIYA

UI/UX DESIGNER

Experience

● Graphics & UI/UX Designer

Dec 2023 - Present

- Collaborated with product managers, developers, and stakeholders to define user needs and create intuitive and visually appealing designs.
- Designed responsive user interfaces ensuring seamless user experiences across various devices and platforms.
- Worked closely with cross-functional teams, including developers, product managers, and marketers, to translate business goals into user-friendly designs.
- Analyzed user pain points and implemented creative design solutions that enhanced product engagement and usability.
