ABOUT ME

I'm a UI/UX designer with hands-on experience of over a year, and I'm very passionate about crafting creating seamless and visually appealing user experiences. I love making the details to create intuitive, user-centered interfaces that bring both form and function together. As someone who's always learning and growing, I'm excited to keep evolving as a designer and to create designs that genuinely make a difference.

EDUCATION

2023
Divine Institute
Ahmedabad

Course - Graphics & UI/UX Designer

I completed a comprehensive UI/UX Design course, where I gained hands-on experience in creating user-centered designs and mastering design tools to enhance digital experiences.

2020 - 2023
K. K. Parekh Commerce
Collage Amreli

Bachelor of Commerce

I hold a Bachelor of Commerce (B.Com) degree, where I developed a strong foundation in business principles, financial account, and analytical skills.

EXPERIENCE

Dec 2023 - NOW

eDigillence Infosolustions

Graphics & UI/UX Designer

Collaborated with product managers, developers, and stakeholders to define user needs and create intuitive and visually appealing designs.

Designed responsive user interfaces ensuring seamless user experiences across various devices and platforms.

Worked closely with cross-functional teams, including developers, product managers, and marketers, to translate business goals into user-friendly designs.
