ABOUT ME

I'm a creative and user-focused UI/UX Designer with over a year of hands-on experience in crafting seamless, responsive, and visually engaging digital experiences. With a strong eye for detail and a passion for design, I specialize in turning complex ideas into intuitive, functional interfaces that prioritize user needs.

My approach blends design thinking with real-world problem solving—always aiming to create solutions that are not only beautiful but also impactful and easy to use. Whether it's designing wireframes, building interactive prototypes, or refining visual systems, I enjoy every step of the design journey.

EDUCATION

DIVINE INSTITUTE – AHMEDABAD

2023

Gained practical training in user experience design, visual design principles, and usability testing. Developed projects that focused on real-world applications, creating solutions based on user needs and behaviors. Mastered design tools like Figma, Adobe XD, and prototyping methods.

K. K. PAREKH COMMERCE COLLEGE – AMRELI

2020–2023

I hold a Bachelor of Commerce (B.Com) degree, where I developed a strong foundation in business principles, financial account, and analytical skills.

SKILL

- Adobe Illustrator
- Adobe Photoshop
- Adobe Premiere Pro
- Figma
- CorelDraw
- Adobe XD

WORK EXPERIENCE

eDigillence Infosolutions – UI/UX & Graphic Designer

DEC 2023–AUG 2025

- Worked with cross-functional teams to identify user requirements and business objectives to deliver intuitive and impactful design solutions.
- Designed responsive interfaces for web and mobile platforms, ensuring seamless experiences across devices.
- Created wireframes, user flows, prototypes, and high-fidelity mockups using Figma and Adobe XD.
- Contributed to the visual identity and branding of various projects, aligning UI elements with brand guidelines.

TX Tech – Jr. UI/UX Designer

SEP 2025–PRESENT

- Designed user-friendly interfaces for web and mobile applications with a strong focus on usability and clean visual design.
- Developed wireframes, user flows, and interactive prototypes using Figma and Adobe XD.
- Collaborated with senior designers, developers, and product managers to convert business requirements into engaging user experiences.
- Improved user experience through continuous design iteration based on feedback and usability testing.
